

## 1 & 2 Peter

---

Facilitator: Andy Skinner

Required Text: 1 & 2 Peter study guide by John MacArthur

Cost: \$10

Target: Everyone, but particularly those who want to look for God's perspective on their lives and troubles.

---

Synopsis: In these letters, Peter wrote to believers scattered across the Roman Empire. They were going through many trials, and Peter wanted to encourage them to look at themselves and their true situation through God's eyes, to give them courage to continue. He points out to them what is really important.

The study guide will provide teaching and an opportunity for reflection through the week. Then when we get together, we will share what we have learned, talk to each other about questions that have arisen, and make application of God's word to our lives.

Please get a book early, we will have to jump right in the first week!
